

Technology-Enhanced Learning Officer

Job Ref: REQ16884

As part of the University's ongoing commitment to redeployment, please note that this vacancy may be withdrawn at any stage of the recruitment process if a suitable redeployee is identified.

The Centre for Academic Practice supports the development of academic staff; research staff; colleagues with a teaching-related remit and postgraduate research students to achieve and sustain an excellent quality learning experience for all our students. The Centre's staff are multidisciplinary professionals with a wide range of experience and knowledge of all aspects of teaching and learning. Their skills covers not only the technological aspects of delivering high quality engaging teaching, but also the pedagogy that reinforces it, enabling them to work in partnership with people at any level of the organisation to ultimately ensure the delivery of an enhanced student experience. Further information is available on the Centre's website - www.lboro.ac.uk/services/cap

Job Description

Job Grade: Management and Specialist Grade 6

Job Purpose

To provide specialist support to academic staff, and others with a teaching-related remit, in the development and deployment of learning technologies within their practice; to promote the effective, efficient and appropriate use of technology-enhanced learning across all relevant areas of School operations; and to contribute to broader technology-enhanced learning activities within the Centre for Academic Practice.

Each Technology-Enhanced Learning Technology Officer is a key contact for a number of designated Schools, forming a key focus for their work, and the roles work across Schools and the wider University as necessary for the effective delivery of the University's strategic initiatives and projects.

Job Duties

- Support the Assistant Director (Technology-Enhanced Learning) in promoting and embedding the University's strategic direction in relation to technology-enhanced learning and the implementation of this at School/University level.
- Support and advise academic staff (and others with a teaching-related remit) on the development and delivery of technology-enhanced learning resources, including meeting relevant School policies relating to technology-enhanced learning and using the facilities/activities provided by the full range of centrally supported learning technologies, especially our Virtual Learning Environment (VLE).
- Work with School/programme/module teams to identify requirements based on pedagogic need and to recommend and support the uptake of new/improved technologies or resources to meet these needs and enhance specific curriculum areas.
- Disseminate within Schools, and through University-wide activities, effective practice related to the use of learning technologies, innovative practice and the transfer of re-usable resources.
- Promote and support the use/application of learning technologies within the University and wider HE community through the production of online and paper-based resources, and the design and delivery of presentations, workshops and other professional development activities.

- Engage with all areas of the University as appropriate to specify and produce innovative learning and teaching material for flexible delivery, with the particular aim of enhancing efficiency and effectiveness.
- Monitor and evaluate the use of learning technologies, particularly our VLE, within Schools, producing and disseminating School/University-level reports as requested, and providing appropriate follow-up support to individual academic staff.
- Foster effective working relationships with key stakeholders in Schools and across the University, and contribute to relevant School/University-level groups and networks as agreed with the Director of the Centre for Academic Practice and the Assistant Director (Technology-Enhanced Learning).
- Support University strategic projects and initiatives, including the gathering of user requirements, development of project proposals and the piloting, evaluation, scale-up and implementation of approved projects.
- Contribute to the broader work of the Centre for Academic Practice by leading/contributing to initiatives, enhancing the use of learning technologies within Centre for Academic Practice provision (notably the Postgraduate Certificate in Academic Practice) and developing new online resources.
- Work with colleagues in other professional services to assist staff and students in their use of learning technologies and online resources.
- Seek to keep abreast of new and upcoming learning technologies with particular attention to their pedagogical potential and impact.
- Undertake any other duties commensurate with the nature and grade of the post which may reasonably be required by the Director of the Centre for Academic Practice and the Assistant Director (Technology-Enhanced Learning).

Points To Note

The purpose of this job description is to indicate the general level of duties and responsibility of the post. The detailed duties may vary from time to time without changing the general character or level of responsibility entailed.

The post holder may sometimes be required to work outside of normal working hours.

Special Conditions

All staff have a statutory responsibility to take reasonable care of themselves, others and the environment and to prevent harm by their acts or omissions. All staff are therefore required to adhere to the University's Health, Safety and Environmental Policy & Procedures.

All staff should hold a duty and commitment to observing the University's Equality & Diversity policy and procedures at all times. Duties must be carried out in accordance with relevant Equality & Diversity legislation and University policies/procedures.

Successful completion of probation will be dependent on attendance at the University's mandatory courses which include Respecting Diversity and, where appropriate, Recruitment and Selection.

Organisational Responsibility

Post REQ16884 reports to the Assistant Director (Technology-Enhanced Learning).
