

Partnership Development Manager (Maternity Cover)

Job Ref: REQ180631

As part of the University's ongoing commitment to redeployment, please note that this vacancy may be withdrawn at any stage of the recruitment process if a suitable redeployee is identified.

Department summary

The University has developed long-standing collaborations with a variety of organisations including Government, charities, multinationals and SMEs. The nature of these long-term projects and enduring relationships is driven by our partners' business needs, but many of them grow from research undertaken across the University. This role will focus on shaping projects and will support the growth of the University's external income across a variety of funding sources keeping Loughborough University at the forefront of creating impact through excellent research and knowledge exchange.

Job Description

Job Grade: Management and Specialist Grade 7

Job Purpose

This role involves working closely with academic colleagues to develop partnerships with organisations, prepare funding applications and accelerate the translation of research outputs into social, economic and cultural impacts. This will include direct business engagement and networking, collaborations with external partners; business case development as well as encouraging the development of enterprise fellowships and secondments in/out of the University. The post holder will proactively establish and maintain key partnerships and networks relevant to the University's research and enterprise portfolio. You will be a member of the Partnership Development Team in the Enterprise Office, working closely with the Schools of Sport, Exercise and Health Sciences and Aeronautical Automotive, Chemical and Materials Engineering.

Job Duties

- To support academic colleagues in developing their engagement with external partners, this may include opportunities for funding contract research, Knowledge Transfer Partnerships, bespoke short course provision, consultancy and enterprise fellowships.
- To work as part of a project team developing relationships with key stakeholders, to include Local Enterprise Partnerships, local authorities, business, public and voluntary organisations.
- To seek opportunities to access and secure funding for the development of knowledge exchange activity.
- To support individual members of academic staff and researchers across the University in accelerating the outcomes of their research, and specifically improving the wider impact of their research.
- Develop networks internally and externally to enable researchers and academics to grow research and enterprise activities.
- To work closely with Associate Deans of Enterprise to develop partnerships with organisations of strategic importance to individual academic Schools and wider University.
- To represent the University externally as appropriate.
- To provide secretariat support as required from time to time

- To engage with external organisations to identify work based learning opportunities for students, including projects, placements, internships and volunteering.
- To utilise a variety of mechanisms to stimulate collaborations with external organisations.
- Work closely with colleagues in Professional Services, the academic Schools and the wider University to develop strategic partnerships with external organisations.

Other

- To undertake any other duties which may reasonably be required by the Head of Partnership Development that are commensurate with the nature and grade of the post
- To engage in training programmes which are consistent with your own needs and aspirations of those of the Enterprise Office
- This role may require some flexibility in working hours
