

Teaching Fellow (Maternity cover x 3)

REQ250066

As part of the University's ongoing commitment to redeployment, please note that these vacancies may be withdrawn at any stage of the recruitment process if a suitable redeployee is identified.

Job Description

Job Grade: Specialist and Supporting Academic Grade 7

Job Purpose

To contribute to, develop and enhance the activities of the School through bringing direct academic, professional and vocational experience to the School's taught programmes and enterprise activities. To assist with the structure and development of teaching and enterprise activities. To provide teaching, administrative and mentoring support.

We are looking for applicants with experience in or across the following areas:

Electrical and Robotics

- Teaching Fellow in Electrical and Robotics: To support the teaching of Electrical, Robotics, and Control Engineering at undergraduate and postgraduate levels across a range of disciplines. Teaching will be in the areas of, but not limited to, digital technologies, robotics, control engineering, mechatronic system design, industrial group project, machine learning, industrial machine vision, and artificial intelligence.

Manufacturing, Materials and Design

- Teaching Fellow in Manufacturing, Materials and Design: To support the teaching of Manufacturing, Materials and Design at undergraduate and postgraduate levels across a range of disciplines. Teaching will be in the areas of, but not limited to, manufacturing design, laser processes in manufacturing and bulk/surface characterisation.

Job Duties are:

Teaching

- Work with colleagues to deliver an exceptional learning environment for students.
- Teach and inspire undergraduate and postgraduate students and to conduct assessments.
- Provide academic and pastoral support to undergraduate and postgraduate students.
- Promote the use of a range of methods and techniques in teaching, learning and assessment.
- Lead in the evaluation and development of modules for which you are Module Leader, in terms of content, delivery and assessment.
- Responsibility for design and content of specific areas of teaching and learning.
- Cooperate with colleagues in the review and development of taught programmes and curriculum.
- Participate in the design, delivery and supervision of laboratory activities appropriate to the role
- Undertake Academic Tutor roles and visits to students on placement in industry
- Undertake leadership roles in delivery of teaching and curriculum design

Enterprise

- Engage with business, public and voluntary organisations through knowledge exchange activities such as student projects and placements, technology transfer collaboration, consultancy and specialist training.

- Actively support student recruitment including participation in open days, visit days and summer schools

Related Activities and Functions

- Work effectively with relevant administrative, technical and academic staff in the School and across the University.
- Carry out specific administrative roles and functions as may be reasonably required.
- Take part in one or more School committees.

- Chair one or more School committees
- Engage in training programmes in the University (e.g. through Staff Development) which are consistent with your needs and aspirations and those of the School.
- Undertake such other duties as may be reasonably requested and that are commensurate with the nature and grade of the post.

Points to Note

The purpose of this job description is to indicate the general level of duties and responsibility of the post. The detailed duties may vary from time to time without changing the general character or level of responsibility entailed.

Special Conditions

All staff have a statutory responsibility to take reasonable care of themselves, others and the environment and to prevent harm by their acts or omissions. All staff are therefore required to adhere to the University's Health, Safety and Environmental Policy & Procedures.

All staff should hold a duty and commitment to observing the University's Equity & Diversity policy and procedures at all times. Duties must be carried out in accordance with relevant Equity & Diversity legislation and University policies/procedures.

Successful completion of probation will be dependent on attendance at the University's mandatory courses which include Belonging and Inclusion and, where appropriate, Recruitment and Selection.

Organisational Responsibility

Reports to the Associate Dean for Education & Student Experience.
